Junior Development

The following criteria is the selection policy for swimmers selected into Junior Development. Junior Development has been developed to provide a transitional opportunity for swimmers from Training Academy aiming towards KAL Swim Performance (KSP). KSP coaches identified a need to have an opportunity to coach and observe swimmers in a more focused environment prior to any selection to KSP. The session also provides the swimmers and parents with a staged approach towards the commitment of competitive swimming, training and understanding of the pathway.

Training Academy Gala

KSP coaches will select swimmers from the Training Academy events or coach visits to sessions, we would encourage coaches of Training Academy sessions to submit a list of potential swimmers to KAL Swim Performance a month prior to the event, providing the opportunity for the coaches to review the following criteria:

- Application of skills across three or more stroke
- Stage 6 and above on the Swim England Learn to Swim Framework
- Attendance – minimum 80% attendance three months prior to KAL Training Academy gala
- Training two sessions per week in Training Academy sessions weekly preferred (this would be a criteria once selected to Junior Development)
- Attitude & Behavior
- Commitment

Selection KAL Swim Performance coaches will select swimmers on the recommendations from the Training Academy coaches; this will be reviewed against the Learn2 attendance monitoring system and observations at the event.

Swimmers will be invited to attend an additional session on a Saturday morning at Huddersfield Leisure Centre or Wednesday evening at Spen Valley Leisure Centre; the programme will consist of swimmer and parent communications, pool training and observing KAL Swim Performance squads to gain a clear understanding of the commitment and programme required. Swimmers will be selected to transition individually; Junior Development does not automatically secure a place in KAL Swim Performance. coaches will review each swimmer and provide the swimmer and parent with the most suitable pathway.
